NEUROSCIENCE & PUBLIC POLICY SEMINAR

HOW TO AVOID RESEARCH MISCONDUCT AND STAY OUT OF TROUBLE

DEBRA PARRISH
PARRISH LAW OFFICES
PITTSBURGH, PA

FRIDAY, JANUARY 28
4:00 PM
341 BARDEEN

This session will provide an overview of the history of the regulations involving research misconduct. The session will discuss the landmark cases that have shaped the law in this area including the cases of Robert Gallo, Hwang, Poisson, Hajra, and Ninneman. We will discuss the incidence of research misconduct and practical aspects of making an allegation of research misconduct, being accused of research misconduct, and how to limit reputational damage by colleagues who commit misconduct. Finally, the lecture will include recent activity by journals to detect and correct misconduct, and the FDA’s proposed regulations that it be advised of all misconduct allegations.
